PROFESSIONAL SUMMARY

Results-driven Flutter Full Stack Developer with expertise in Flutter, Dart, .NET Core, REST APIs, and SQL Server. Experienced in developing end-to-end mobile and web applications with a focus on responsive UI/UX, clean architecture, and scalable backend systems. Adept at API integration, Firebase, and Agile development practices for delivering high-quality, performant solutions.

WORK EXPERIENCE

Software Development Intern (Flutter & .NET Core)

Aug 2025 - Sep 2025

AGI – Head Office | Rawalpindi

- Collaborated in developing and deploying cross-platform mobile applications using Flutter with .NET Core backend APIs, improving feature delivery speed by 30%.
- Worked with REST APIs for data management and database operations.
- Participated in debugging, testing, and optimizing mobile and backend performance.

App development intern

15 june 2026 - 15 july 2026

Teyzix Core Software developemt house | Lahore

- Built a modern personal finance app using Flutter and Firebase with features like expense tracking, budgeting, analytics, biometric login, and offline-first data synchronisation. Implemented a reliable Hive-to-Firestore sync queue to ensure seamless data consistency and prevent data loss during offline usage.
- Developed a cross-platform Field Service Management app using Flutter and Supabase with role-based access, real-time job tracking, offline support, and push notifications. Implemented Supabase Realtime, Hive caching, and PostgreSQL Row Level Security (RLS) to ensure secure, reliable synchronisation and data isolation.

University Project

October 2022 - May 2026

Barani Institute Of Information Technology | Rawalpindi

- Developed a full-stack Lost & Found Management System using Flutter, .NET 8 Web API, EF Core, and SQL Server to simplify reporting, tracking, and claiming lost items. The system features automated item matching, real-time notifications, and a secure admin approval workflow, with EF Core RowVersion concurrency control to prevent conflicting updates and ensure reliable data integrity.

EDUCATION

Bachelor of Computer Science

2026

Barani Institute of Information Technology | Rawalpindi

GPA: 3.0/4.0

Intermediate of Computer Science

F.G Sirsyed College, The Mall, Rawalpindi | Rawalpindi

SKILLS

Flutter & Dart • .NET Core / ASP.NET MVC • C# • RESTful API Development • Firebase (Auth, FCM, Firestore) • Supabase • SQL Server • PostgreSQL • Git • Provider / BLoC / Riverpod State Management • Android Studio • Clean Architecture
